# Coaches' Corner

The coaches would like to remind parents that state meets are soon approaching for many of the athletes. Therefore, it is very important to make sure your child is attending all practices. Also, please do your very best to keep your child healthy by encouraging hand-washing, getting plenty of rest, eating well, taking vitamins, etc.

**Please remember the following rules for parents and gymnasts at meets:**

Arrive 15-20 minutes before Open Stretch. When warm-ups begin, *only coaches and gymnasts are allowed in the competition area*. Parents are expected to remain in the designated seating area. Gymnasts cannot leave the floor until the meet is over. *Please do not call to your child* once the coaches have your children. This is distracting to both gymnast and coaches. When competition is done, *gymnasts are expected to stay for the entire awards ceremony*. Complete warm-up suit and clean, white socks for the feet are required during awards.
